JOTHYDEV'S PROFESSIONAL
EDUCATION FORUM

DIABETES
UPDATE 2025

Welcome to JPEF 2025 Where Knowledge Meets Innovation!

We are delighted to welcome you to the 13th edition of Jothydev's Professional Education Forum (JPEF) 2025, one of the most anticipated diabetes conferences in the country. This year, our theme "Wait Matters" carries a powerful double meaning—emphasizing not only the consequences of delayed actions in care and decision-making but also the crucial role of weight in diabetes management.

JPEF 2025 promises an intellectually stimulating experience with thought-provoking symposiums, interactive panel discussions, high-energy debates, and an exciting medical quiz to keep you engaged. But what truly sets JPEF apart is our focus on practical learning and innovation—featuring live patient interviews, hands-on CGM and insulin pump sessions, and a Diabetes Technology Expo.

Whether you're a clinician, researcher, educator, or healthcare innovator, JPEF 2025 is your platform to learn, share, and connect with global experts and passionate peers. Join us in this journey where every session is crafted to inspire better care, challenge old norms, and move toward a healthier future—because indeed, Wait Matters.
